

## EDUCATION AND SCHOLASTIC ACHIEVEMENTS

PROGRAM	INSTITUTION	% / CGPA	YEAR
M Tech in <b>Data Science</b>	Indian Institute of Technology Madras, India	7.43	2024*
B Tech (Honours) in <b>Electronics and Computer Science Engineering</b>	Kalinga Institute of Industrial Technology, India	9.22	2022
XII (EUEE)	Kurfa Chele Preparatory School, Ethiopia	60.85%	2016
X (EGSECE)	Kurfa Chele Secondary School, Ethiopia	87.5%	2014

- Completed an **Honours degree** in Electronics and Computer Science Engineering from KIIT University, Bhubaneswar, India
- Attained a **full scholarship of 10K USD** per year based on CGPA, bestowed by the Ethiopian Ministry of Education
- Received a **full scholarship** from IIT Madras for enrollment in the **International Interdisciplinary Master Program (I2MP)** in Data Science

## COURSEWORK

<b>Web Technology</b>	<b>Software Engineering</b>	<b>Computer Organization and Architecture</b>
<b>Data Structures &amp; Algorithms</b>	<b>Computer Network</b>	<b>Database Management system (DBMS)</b>
Transaction Processing system	Software Defined network	Object Oriented Programming

## SKILLS

<b>Languages and tools</b>	<b>Software</b>
Java, HTML, CSS, SPSS, Power BI, MS Excel, Google Cloud Platform	Android Studio, Google Colab, GitHub, Visual Studio

## CERTIFICATIONS

Web development	Core Java	Entrepreneurship I and II
Google Data Analytics Professional Certificate	Machine Learning Foundations	AI For Everyone

## PROFESSIONAL EXPERIENCE

<b>Business Analyst Finlatics Internship</b> (Jun 2023 - July 2023)	<b>Employed Microsoft Excel and Power BI to Foster Data-Driven Decision-Making</b> <ul style="list-style-type: none"> <li>Conducted <b>case studies</b> for industry leaders such as Airbnb, Procter &amp; Gamble, Clearfit and Yes Bank</li> <li>Leveraged expertise in <b>data visualization</b> using <b>Power BI</b> to extract valuable insights from complex datasets</li> <li>Contributed to <b>informed decision-making and business growth</b> by enhancing business strategies</li> </ul>
<b>Core Java Internshala Training</b> (May 2021 - Jun 2021)	<ul style="list-style-type: none"> <li>Utilized Core Java skills to design visually attractive and interactive <b>graphical user interfaces (GUIs)</b> with <b>multimedia support, scene graph management, CSS styling, and event handling</b></li> <li>Achieved a perfect score of 100% in the final exam of my training, which covered the fundamental concepts and practical implementation of object-oriented programming</li> <li>Demonstrated practical application of learned concepts by developing a <b>Connect4 game app</b> using <b>JavaFX libraries</b></li> </ul>
<b>Energy Mentor IIT Ropar Internship</b> (May 2023 - July 2023)	<b>Collaborated with a 5-member team to develop a digital twin for a hybrid energy system</b> <ul style="list-style-type: none"> <li>Engineered a <b>hybrid model</b> that integrated Solar PV, Wind turbine, Fuel cell and Propane as energy sources</li> <li>Conducted processing of <b>Energy Demand data</b> and applied <b>PCA</b> to achieve dimension reduction on the dataset</li> <li>Implemented <b>Particle Swarm Optimization</b> as the optimization algorithm to determine the optimal energy production from a diverse range of sources, resulting in a significant <b>33% reduction in energy waste</b></li> </ul>

## PROJECT EXPERIENCE

<b>Detection of COVID-19</b> (B. Tech. Project Guide: Dr. T. Kar)	<ul style="list-style-type: none"> <li>Developed a COVID-19 detection project using advanced <b>deep learning models</b> such as <b>VGG19</b> and <b>ResNet50</b></li> <li><b>Analyzed radiological images</b> to accurately detect COVID-19 using the developed deep learning models</li> <li>Achieved <b>98% accuracy</b> in COVID-19 detection through the implementation of 5 distinct Deep Learning models</li> <li>Demonstrated <b>remarkable performance</b> of VGG19 out of the 5 implemented models.</li> </ul>
<b>Health Insurance Sales</b> (Course project)	<ul style="list-style-type: none"> <li>Developed and implemented a predictive analytics model for <b>health insurance sales</b></li> <li>Utilized various machine learning algorithms like <b>Logistic Regression, Random Forest, SVM, XGBoost</b></li> <li>Conducted extensive experimentation and analysis to identify Logistic Regression as the most effective algorithm</li> </ul>
<b>Stock Market Analysis</b> (Course project)	<ul style="list-style-type: none"> <li>Analyzed and trained the <b>stock market dataset</b> using machine learning algorithms for decision-making</li> <li>Utilized various ML algorithms including <b>Random Forest and SVM</b>, to generate predictive insights</li> <li>Demonstrated proficiency in <b>data manipulation, feature engineering, EDA and model evaluation</b></li> </ul>
<b>House price Prediction</b> (Kaggle Contest)	<ul style="list-style-type: none"> <li>Participated in predicting house prices using <b>Linear Regression</b>, analyzing different features</li> <li>Conducted <b>data preprocessing, EDA, model selection, hyper parameter tuning and cross-validation</b></li> </ul>
<b>Credit Card Fraud Detection</b>	<ul style="list-style-type: none"> <li>Utilized <b>logistic regression</b> with <b>SMOTE over-sampling</b> for credit card fraud detection</li> <li>Demonstrated effectiveness in accurately identifying positive cases and <b>minimizing the risk</b> of overlooking</li> <li>Emphasized the importance of careful data preprocessing and algorithm selection for achieving balanced and accurate predictions</li> </ul>

## EXTRA CURRICULAR ACTIVITIES

- Volunteering:** Actively contribute to philanthropy as a member of Art of Giving since March 2023
- Interests:** Enjoy reading a wide array of books, from fiction to non-fiction
- Sports:** Participated in the Ethiopian football tournament at KIIT University
- Skills:** Skilled in mobile repair and troubleshooting training at Central Tool Room and Training Center, Bhubaneswar, Odisha
